The Tobacco Program was age appropriate and appealed to various levels within the same classroom. There was good discussion, good video examples, and likeable handouts. Many thanks for sending Rosemary our way!

Mrs. Alice Holbert, School Counselor

Your presentation to the students of Baker School yesterday was fantastic! The students were so engaged and this was much more than a "Just say No" presentation... I believe many will remember your presentation when they have to choose between friends and tobacco.

Jean Mac Ball, School Counselor, Baker Elementary School

Rosemary is the real deal. Her faith in Christ is strong, her theology is solid, and her exuberance is contagious. I enthusiastically encourage you to bring Rosemary and her ministry into your school - you will not be disappointed!
